

REMARKS

Applicant respectfully requests consideration and allowance of claims 1-85 that are pending in the above-identified application. Applicant has amended the specification to delete the benefit claim to U.S. Provisional Patent Application No. 60/453,897 by deleting paragraph [0001] of the specification. Applicant maintains, however, the incorporation by reference of such provisional patent application by amending paragraph [0087] to include the incorporation by reference originally found in paragraph [0001].

In view of the foregoing, Applicant submits that the instant application is in condition for allowance. Early and favorable action is earnestly solicited. If, however, for any reason the Examiner does not believe that such action can be taken at this time, it is respectfully requested that he or she telephone Applicant's attorney at (732) 634-7634 in order to overcome any additional objections which he or she might have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 11-0223 therefor.

Respectfully submitted,

Dated: June 25, 2004
